

**Leadign Manufacturer & Suppliers of
Aluminium Tower Ladder**

BOB Engineering Co.

www.bobengineering.co.in

About Us

- Established in the year 2011
- Leading Manufacturer & Suppliers of Industrial Material Handling Equipment
- Rich Business Ethics
- Wide spread Distribution Network
- Responsible Profesional's Team

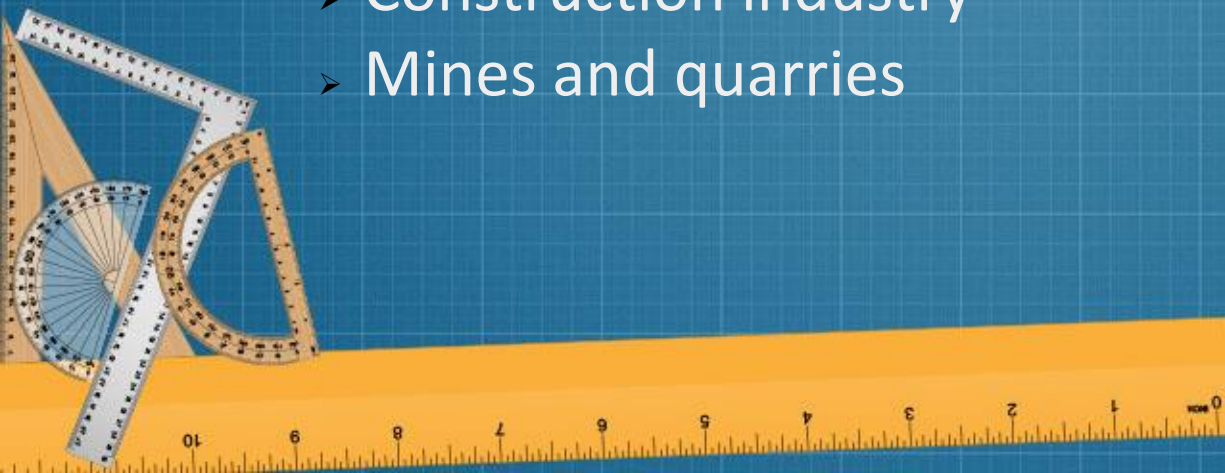

Why Us

- Rich process experience
- Professionally managed organization
- Sound infrastructure
- Unmatched quality of the equipment
- Prompt after sales services
- Cost effective functioning
- Affordable Price
- Provide Installation & Operational Training To The Clients

Our Application Area

- Ports
- Iron & Steel industry
- Aluminum product
- Cement industry
- Paper industry
- Chemical industry
- Foundries
- Construction industry
- Mines and quarries

A decorative graphic in the top-left corner featuring a yellow ruler with black markings, a blue and white protractor, and a white set square, all arranged in a layered fashion.

Our Team

- Engineers
- Quality Controllers
- Skilled Workers
- Research &
Development Workers
- Sales & Marketing
Professionals

Quality Assurance

We are a quality conscious organization and take required initiatives to maintain the standard of products. Our range of Industrial Material Handling Equipment is manufactured using superior quality raw material, which is sourced from trusted vendors. The raw material is inspected by the quality controllers before being used in the production process. A separate and independent department, which works under the management, carries out the inspection process. Whenever required, we get our products checked by recognized agencies in and around the industrial area.

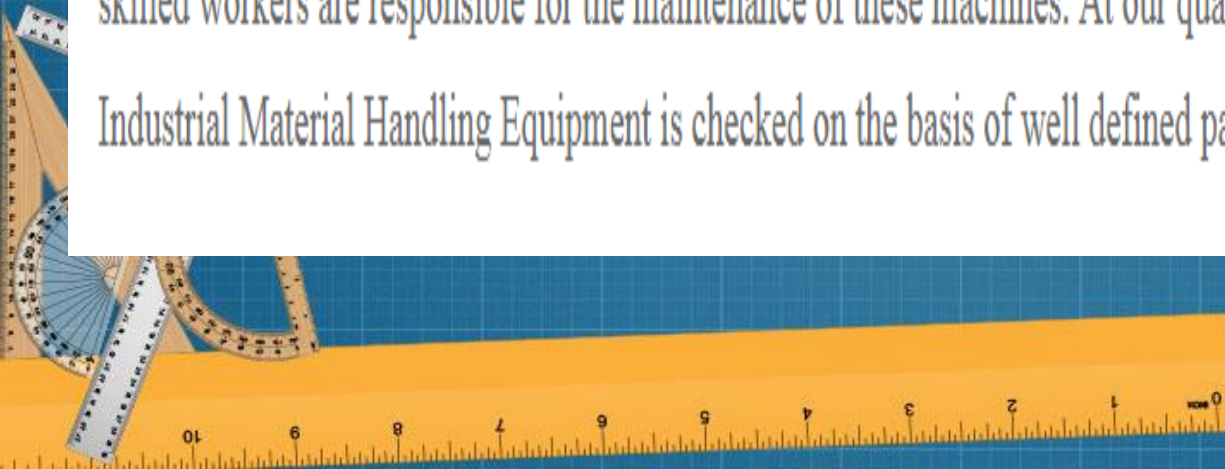

Customer *Satisfaction*

Being a client centric organization, we endeavor to satisfy the customers in the best possible manner. Our range of Industrial Material Handling Equipment are offered to the clients at cost-effective rates. We also provide installation and operational training, so that these equipment can be conveniently used. Owing to the superior quality products, we have gained maximum market appreciation. We also ensure that the consignments are delivered within the predetermined period of time. For hassle free transaction, convenient payment facilities like cheque and cash are provided to the clients.

Infrastructure

Infrastructural Set-Up

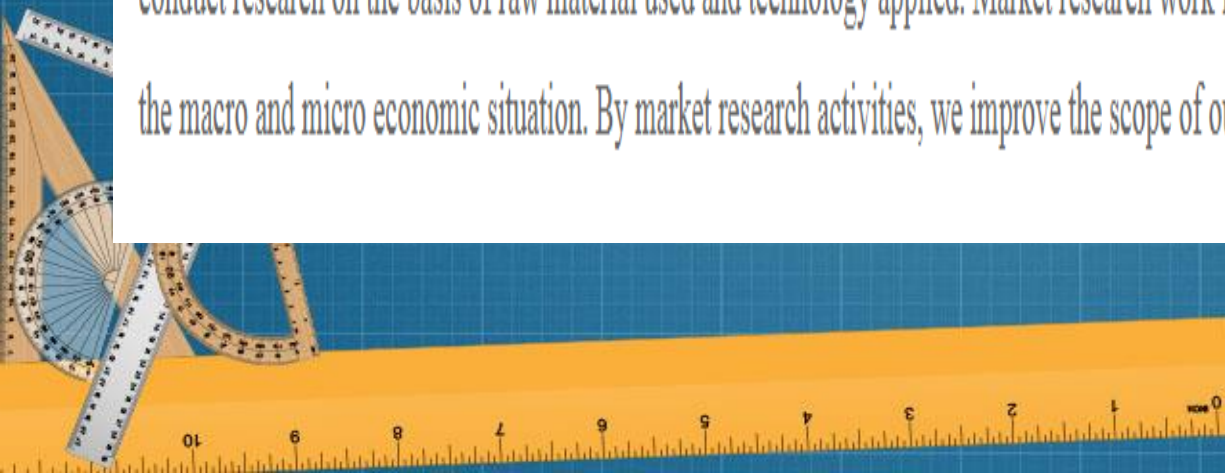

We have a state-of-the-art infrastructure, which includes production, quality control and R & D unit. Our production unit is a place where various types of manufacturing activities are undertaken. For manufacturing purpose, we use latest machines and equipment. Cutting machines, lathe machines and special purpose machines are used by us for the production process. Our skilled workers are responsible for the maintenance of these machines. At our quality testing organization, the quality of our Industrial Material Handling Equipment is checked on the basis of well defined parameters.

Research & Development

Research & Development

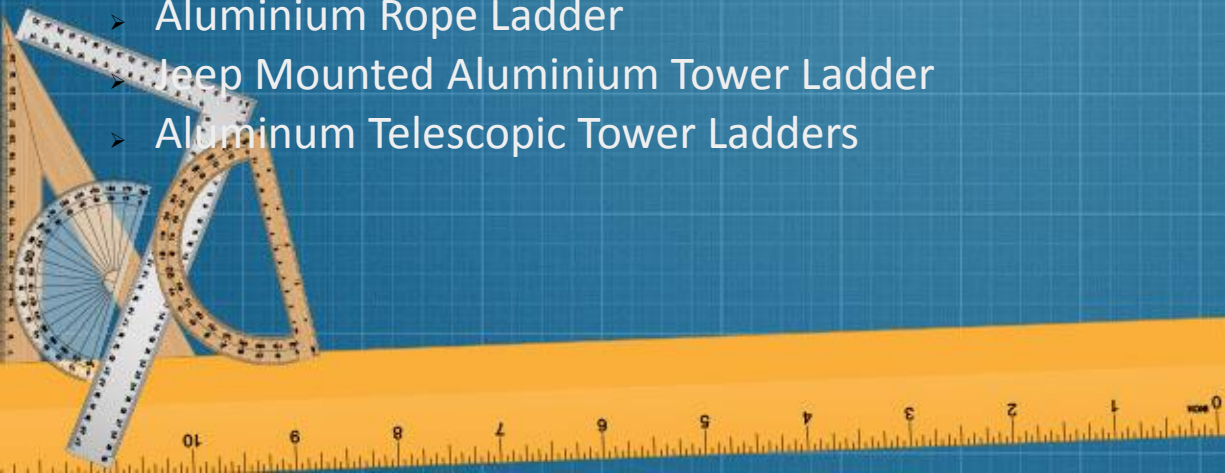

We have a modern research & development wing, where various types of research works are undertaken. By our research activities, we want to improvise the quality of the Industrial Material Handling Equipment. Our R & D experts work on the areas, which need further improvement. We conduct research on the basis of raw material used and technology applied. Market research work is also undertaken by us so that we can understand the macro and micro economic situation. By market research activities, we improve the scope of our business.

Our Products

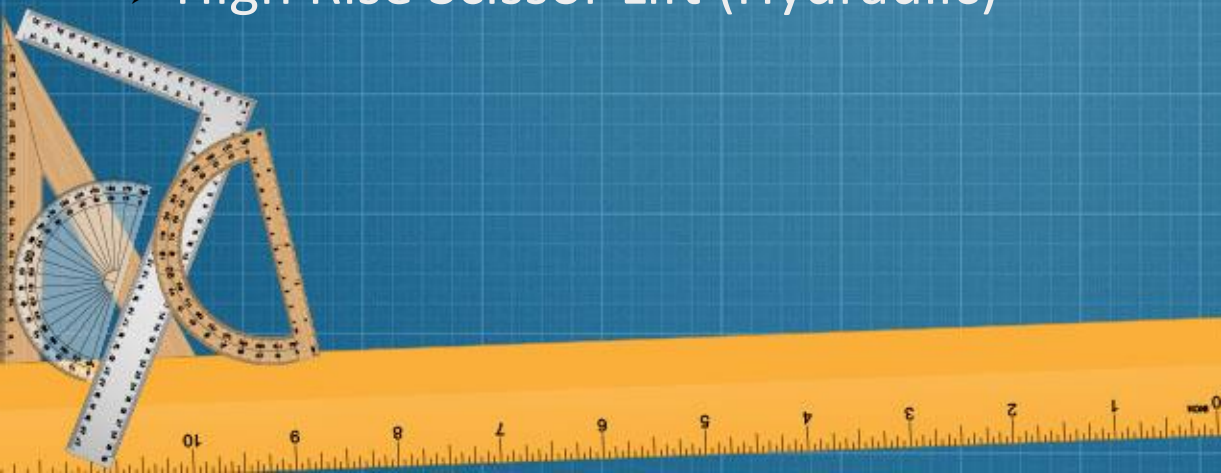

ALUMINIUM LADDERS

- Aluminium Tower Ladder
- Aluminium Square Type Tower Ladder With Big Iron Wheel
- Aluminium Self Support Extension Ladder With Iron Wheel
- Aluminium Self Support Extension Ladder
- Aluminium Trolley Step Ladder
- Aluminium Flate Step Ladder
- Aluminium Self Support Pipe Step Ladder
- Aluminium Single Ladder With Flate Step
- Aluminium Pipe Step Ladder With Hook
- Aluminium Wall Mounted Extension Ladder
- Aluminium Baby Step Ladder
- Aluminium Rope Ladder
- Deep Mounted Aluminium Tower Ladder
- Aluminum Telescopic Tower Ladders

HYDRUALIC EQUIPMENT

- Fix Type Hydraulic Scissor Lift Table
- High Rise Scissor Lift Table
- Pit Mounted Hydraulic Scissor Lift Table
- Scissor Lift With Roller
- Self - Proplelled Scissor Lift (Hydraulic Motor Drive)
- High Lift Hand Pallet Truck (Hydraulic)
- High Rise Scissor Lift (Hydraulic)

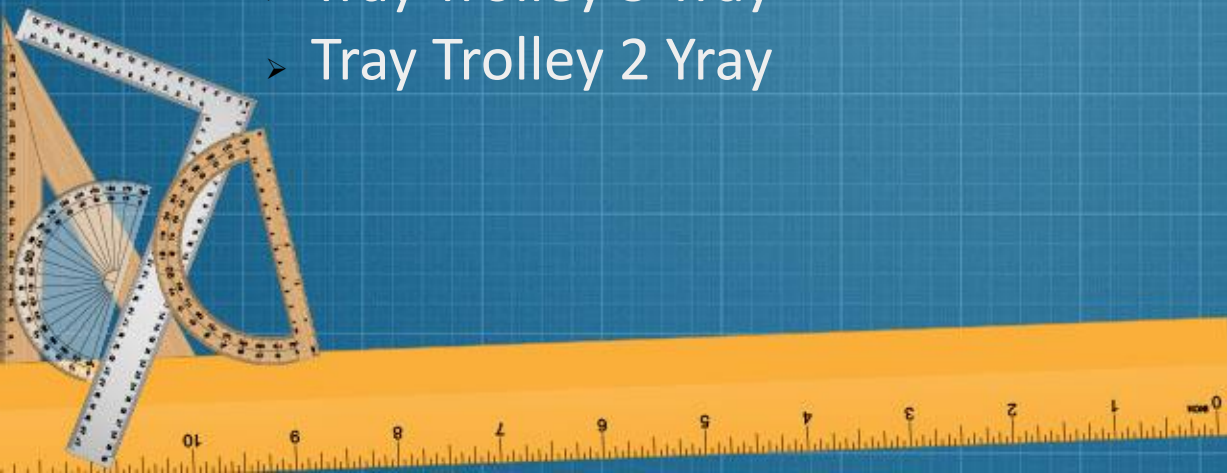

PLATFORM TRUCKS

- Platform Truck
- Platform Truck With One Side
- Platform Truck With Two Side Support
- Platform Truck With Pnumatic Wheel
- M.S.Box Truck
- Open Door Type Platform Truck
- Plastic/M.S. Pallet
- Metal Pallet With Wire Net Box

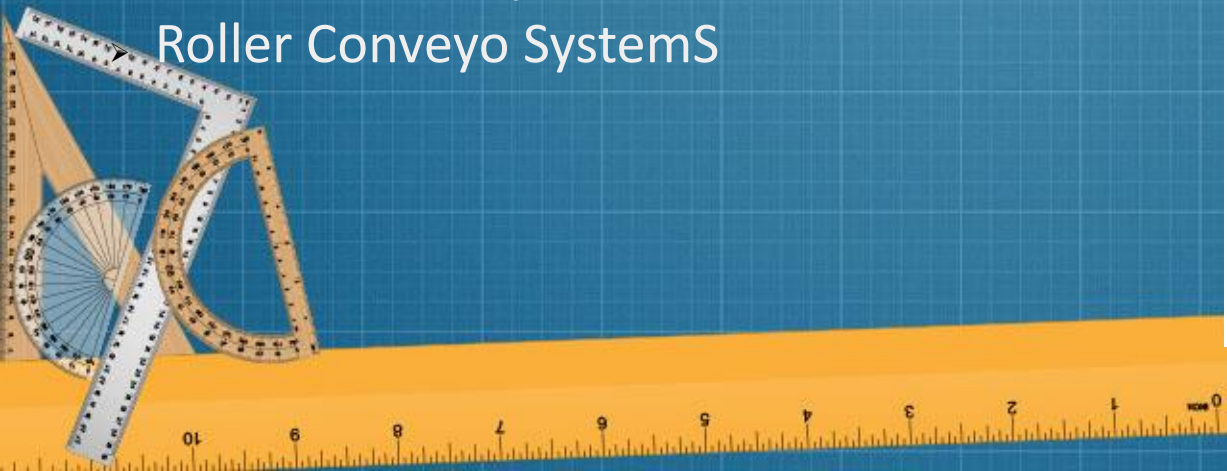

TRAY TROLLIES

- Multi Shelves Tray Trolley
- Cup Board Type Tool Trolley
- Luggage Trolley
- Airport Luggage Trolley
- Wire Net Tray Trolley half Open
- Tray Trolley 3 Yray
- Tray Trolley 2 Yray

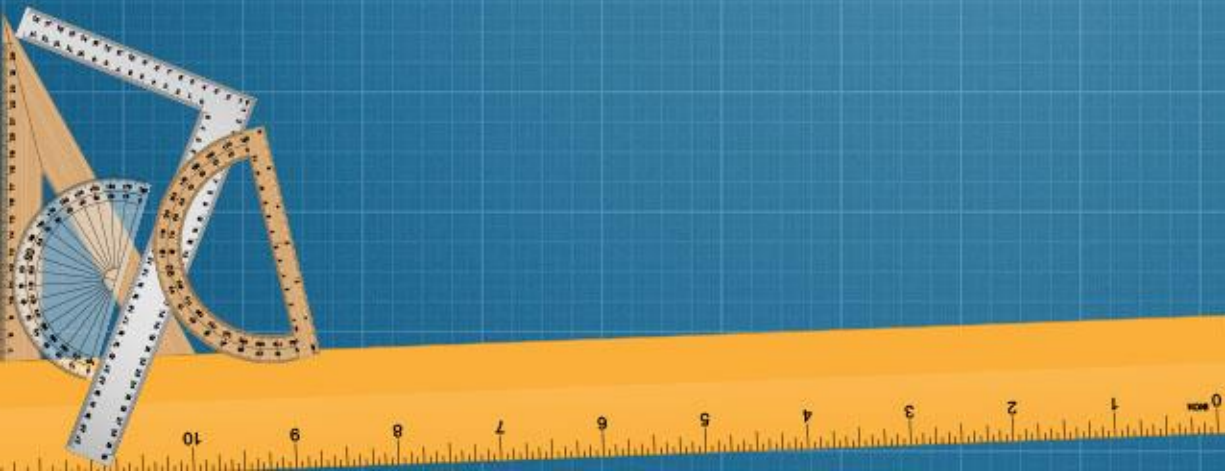

WHEEL BARROW & TAILOR

- Single Wheel Barrow With Pnaumatic Wheel
- Double Wheel Barrow With Plastic Wheel
- Double Wheel Barrow With M.S.Wheel
- Plastic Dustbin Stand
- Cone Trolley
- Plastic Box Trolley Container
- M.S. Box Trolley With Rubber Wheels
- Roller Conveyo SystemS

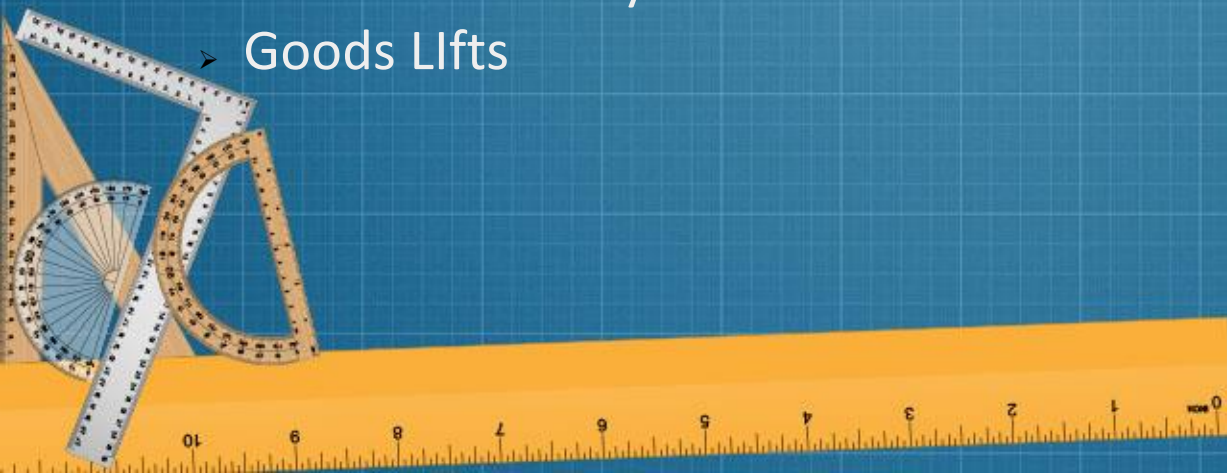

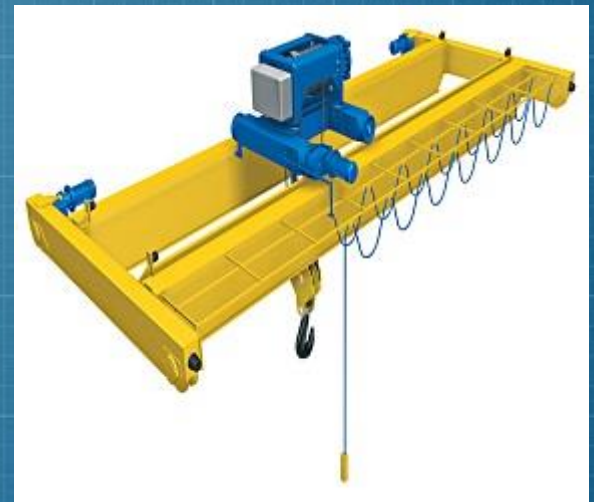

DRUM TROLLIES

- Drum Trolley With Four Wheels
- Drum Handler
- Drum Trolley Three Wheels
- Drum Trolley Two wheels
- Drum Stacker
- Drum Dollies
- Drum Carrier Stand
- Drum Stand

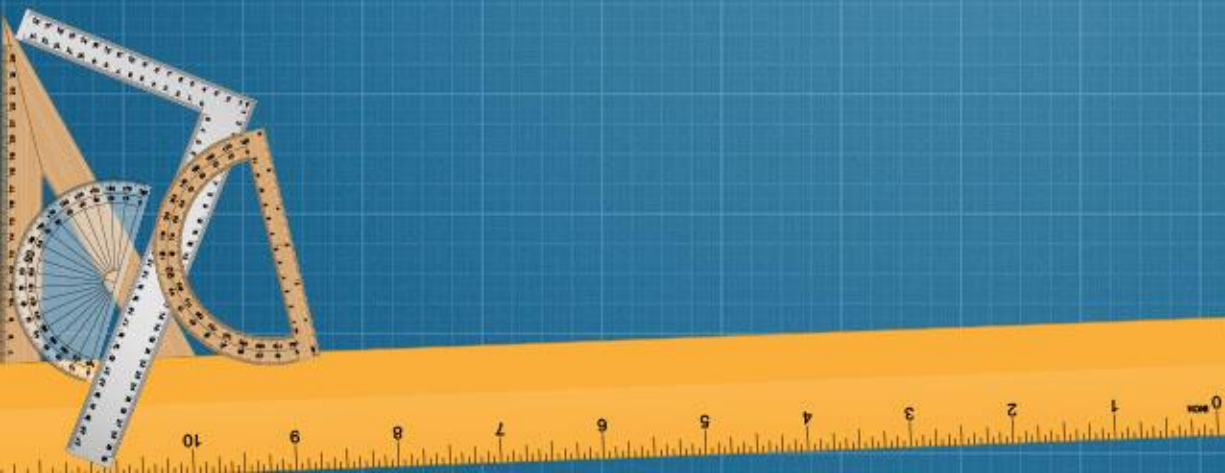

EOT CRANES

- Industrial Wire Rope Hoists
- Wire Rop hoists
- Chain Hoists
- Chain Pulley Blocks
- Geared Travelling Trolleys
- Portable Gentrys Without Chain Pulley Block
- JIB Cranes
- Single/Double Girder Cranes
- Golidth & Gantry Cranes
- Goods Lifts

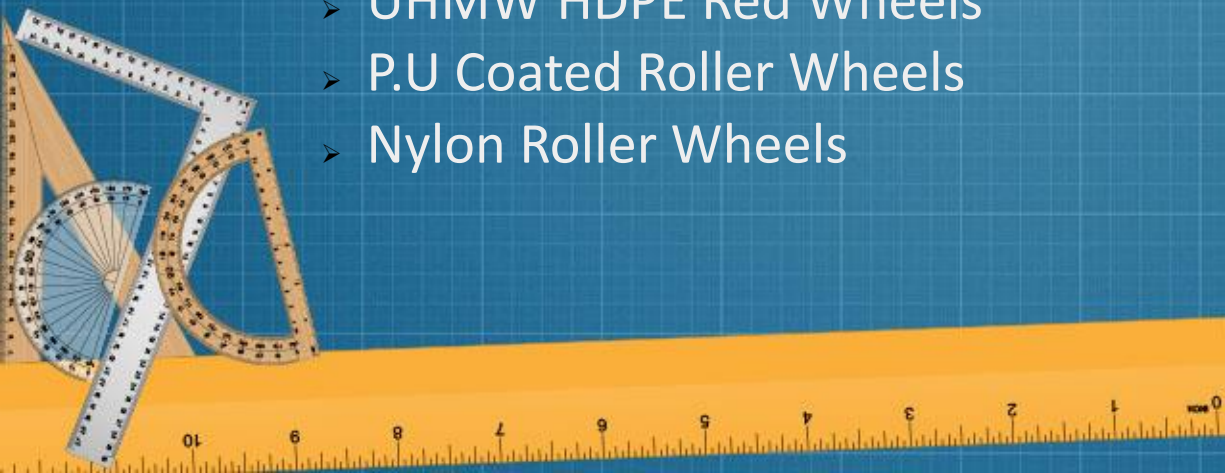

BATTERY OPERATED TROLLEY

- Battery Operated Platform
- Battery Operated Platform Truck
- Battery Operated Manually Operated Platform Trolley
- Battery Operated Platform Truck With Turn Table

TROLLY WHEELS

- M.S. Fixed/Swelling. Castor
- S.S. Fixed/Swelling Castor
- Forged Castor
- P.U Coated. Wheels
- White UHMW HDPE Wheels
- Castor Weels
- White Nylon Wheels
- C.I Rubber Wheels
- UHMW HDPE Red Wheels
- P.U Coated Roller Wheels
- Nylon Roller Wheels
